

U. S. DEPARTMENT OF LABOR
IMMIGRATION SERVICE

IN ANSWERING REFER TO

No 470-C-----

OFFICE OF INSPECTOR IN CHARGE
406 BERGER BUILDING
PITTSBURGH, PA.

October 20, 1914.

Commissioner of Immigration,
Philadelphia Immigration Station,
Gloucester City, N. J.

I inclose herewith duplicate copies of a letter received today from Yee Jack Leong, Diehai, Sun Ning, Canton, China, who, on April 14, 1914, filed in this office formal application for a return certificate in order that he might visit China and be permitted to return again to the United States.

As will be noted by transcript of testimony taken at the time of the examination, copy of which is inclosed herewith for your information and file, this Chinaman is a native-born citizen of the United States. He stated at that time that he intended bringing his minor son to this country when he returned from China, and from the inclosed letter it would appear that he also intends bringing his wife. Inasmuch as he claims to have been in San Francisco, however, and the entire record in the case is on file at that port, no action on the part of this office would appear to be necessary.

Exact copy as signed by (Signed) L. B. Spaun
Immigrant Inspector.
